June 6th

Your Dining Experience

Enjoy every moment in our well-appointed dining room, with delicious meals while engaging in conversation with the flavour and personal touches of home.

At The Gardens our friendly staff are always ready to greet you by name and serve you with a smile.

Prepared daily in our own kitchen and served to your table, we serve thoughtfully selected quality meats, fresh seasonal vegetables and fruits. Each dish is carefully prepared with taste and appealing presentation in mind.

Experience table-side-service with fresh linens to enhance your dining experience whether you are relaxing after a busy day or entertaining with loved ones.

Staying Active at the Gardens

SPRING - ISSUE #4

Our Activity Director plans an active, busy calendar, full of variety with something of interest to everyone.

Frequent Special Events add variety and a special flavour and energy to our community. Special meals and buffets, local theatre presentations, birthday parties, antique car shows are just a few examples.

Our regular recreational activities include such things such as diners club, social bar, bus trips, hobbies & crafts, card games, aquatic programs, free swims, and shopping.

In the summer we move outdoors to enjoy picnics and barbecues on the patio and trips to the beach. Whatever hobbies or interests you've been postponing, you can start them now.

At The Gardens you will meet lots of new friends and add many new experiences to your life. Or, if you prefer, you may choose to simply enjoy your own individual interests in one of our lovely lounge areas or in the privacy of your suite. It's your choice.
